

Call for Research Papers

Frontiers of Multidisciplinary Research

Frontiers of Multidisciplinary Research (FoMR), is a quarterly multidisciplinary international journal that invites original research articles, and case reports covering recent experimental findings pertinent to advancement in engineering, medicine, arts and sciences subject areas. FoMR is a fast-track peer-reviewed and no-fee (APC) open access academic and research international journal providing STI services to support high-tech R&D for researchers in India and abroad. FoMR encourages submission and peer review from a diverse range of authors and reviewers from across all countries in English-language.

FoMR aims to publish original research articles on the subject areas of Agricultural and Biological Sciences, Biochemistry, Genetics and Molecular Biology, Arts and Humanities,

Engineering and Technology, Business, Management and Accounting, Chemistry & Chemical, Computer Science, Economics, Econometrics and Finance, Environmental Science, Medicine and Health Sciences, Physics and Astronomy, Psychology, Mathematics and Social Sciences. The journal provides an international forum for practical as well as theoretical research in multidisciplinary areas.

The authors must confirm during the manuscript submission process that this is their original work, that they have the necessary rights, that this is their intended first publication in this journal, that it is not being considered for publication elsewhere, and that they have obtained and can provide all necessary permissions for the reproduction of any copyright works that they do not own.

FoMR publishes accepted papers ahead of print in an accelerated online-only format for immediate visibility for the academic and research community.
